

# Sola Payments Gateway for Adobe Commerce (Magento 2) Plugin Installation Guide

Learn how to install the Sola Payments Gateway Magento 2 module.

If you need help installing this module, please contact [gatewaysupport@solapayments.com](mailto:gatewaysupport@solapayments.com)

There are two methods to install the cardknox plugin

1. Using Composer Method
2. Manual Installation

## Method 1: Install the module using Composer

1. Place an order for the module at [Adobe Commerce Marketplace](#)
2. Open your terminal.
3. Go to your Magento root directory
4. Run the command below

```
composer require cardknox/cardknox
```

## Method 2: Manual Installation (Without Composer)

If you cannot use Composer, you can manually install the plugin by downloading and placing the extension files into your Magento directory.

### Steps:

1. Download the [latest version](#) of the module from the GitHub repository.
2. Extract zip file to `<magento_root>/app/code/CardknoxDevelopment/Cardknox`

## Enable the Sola Payments Gateway module

Please run the commands below in your terminal

```
php bin/magento module:enable CardknoxDevelopment_Cardknox --clear-static-content
```

```
php bin/magento setup:upgrade
php bin/magento setup:di:compile
php bin/magento setup:static-content:deploy
```

```
# [Optionally flush the cache]
php bin/magento cache:clean
php bin/magento cache:flush
```

## Uninstall the module

If you want to uninstall the cardknox module, you can run the following commands

```
php bin/magento module:disable CardknoxDevelopment_Cardknox
php bin/magento setup:upgrade
php bin/magento setup:di:compile
php bin/magento setup:static-content:deploy
```

```
# [Optionally flush the cache]
php bin/magento cache:clean
php bin/magento cache:flush
```

*Thank you*
